

SEX AND THE SPINE

WHO ARE SEX AND THE SPINE (SATS)?

Sex And The Spine is the culmination of years of clinical research and consultations led by some of the leading experts in this clinical space. This includes internationally recognised health care professionals including spinal surgeons, physiotherapists, sex therapists and more, who share one common goal - to help improve sexual function in a range of conditions related to the spine; through accessible online educational media, therapy advice and support & guidance.

Our expertise:

- Sexual dysfunction following spinal cord injury or nerve injury
- Sexual impairment in back and neck pain
- Sexual issues after Cauda Equina Syndrome
- Sexual restriction following spinal surgery
- Erectile dysfunction
- Impaired body image in spinal deformity such as scoliosis
- Impaired body image through surgical scars
- Relationship counselling for couples, individuals after spinal/medical conditions

We provide:

- 1 to 1 online medical consultations
- Help and advice including educational videos for specific conditions/topics
- Professional product evaluation service
- Product shop (based on products we believe in!)
- Sexual health workshops by practitioners
- Webinars on sexual health related topics
